# Quick Guide on Labour Booking

- Register as a user, choose you are an Individual or Agency.
- Select the category of labor you need (e.g., carpenter, driver, plumber, electrician).
- Give details of the work you need. For example, if you need a carpenter, mention the type of carpentry work required.
- Labors with different profiles matching your requirements will be displayed. Review their profiles, skills, and ratings.
- Choose if you need an individual laborer or if you prefer an agency.
- Select the date and time when you need the labor to visit your premises.
- Upload pictures of the work area along with a description.
- If you opt for an agency, you can select multiple categories and sub-categories, streamlining your requirements.
- Then confirm your booking.
- Receive a confirmation of your booking once the service provider accepts.
- Alternatively, you can post work requirements by taking a picture and uploading it. Add details and edit as needed.

# Service Provider Features

- Sign up and choose Individual or Agency. Complete your profile with necessary details.
- Access key features like My Bookings, Payment and History, KYC, and Ratings and Reviews.
- Fill in KYC details to enhance trust and credibility.
- Track all your bookings, completed and cancelled bookings as well.
- Check incoming service requests under My Bookings.
- View work details, images, date, and time. Accept or reject requests based on your availability and preferences.
- Access a detailed record of your payment history, reviews and ratings.
- Showcase your services by posting pictures of your work.
- Modify your profile information whenever necessary.
